## Independent Auditors' Report

Honorable Mayor and  
Members of the City Council  
City of Bartlett, Texas

### Report on the Audit of the Financial Statements

#### *Opinions*

We have audited the accompanying financial statements of the governmental activities, the business-type activities, the aggregate discretely presented component units, each major fund, and the aggregate remaining fund information of the City of Bartlett, Texas as of and for the year ended September 30, 2022, and the related notes to the financial statements, which collectively comprise the City of Bartlett, Texas' basic financial statements as listed in the table of contents.

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, the business-type activities, the aggregate discretely presented component units, each major fund, and the aggregate remaining fund information of the City of Bartlett, Texas, as of September 30, 2022, and the respective changes in financial position, and, where applicable, cash flows thereof for the year then ended in accordance with accounting principles generally accepted in the United States of America.

#### *Basis for Opinions*

We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the City of Bartlett, Texas and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

#### *Responsibilities of Management for the Financial Statements*

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the City of Bartlett, Texas' ability to continue as a going concern for twelve months beyond the financial statement date, including any currently known information that may raise substantial doubt shortly thereafter.

#### *Auditor's Responsibilities for the Audit of the Financial Statements*

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinions. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards and *Government Auditing Standards* will always detect a material misstatement when it exists.

The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

### INDEPENDENT AUDITOR'S REPORT (Continued)

In performing an audit in accordance with generally accepted auditing standards and *Government Auditing Standards*, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the City of Bartlett, Texas' internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the City of Bartlett, Texas' ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

#### **Required Supplementary Information**

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis and budgetary comparison information on pages 4-10 and 49-50 be presented to supplement the basic financial statements. Such information is the responsibility of management and, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

#### **Supplementary Information**

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the City of Bartlett, Texas' basic financial statements. The accompanying combining and individual nonmajor fund financial statements and schedule of expenditures of federal awards, as required by Title 2 U.S. *Code of Federal Regulations* Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards*, are presented for purposes of additional analysis and are not a required part of the basic financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. The information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the combining and individual nonmajor fund financial statements and the schedule of expenditures of federal awards are fairly stated, in all material respects, in relation to the basic financial statements as a whole.

**INDEPENDENT AUDITOR'S REPORT (Continued)**

***Other Information***

Management is responsible for the other information included in the annual report. The other information comprises the introductory and statistical sections but does not include the basic financial statements and our auditor's report thereon. Our opinions on the basic financial statements do not cover the other information, and we do not express an opinion or any form of assurance thereon.

In connection with our audit of the basic financial statements, our responsibility is to read the other information and consider whether a material inconsistency exists between the other information and the basic financial statements, or the other information otherwise appears to be materially misstated. If, based on the work performed, we conclude that an uncorrected material misstatement of the other information exists, we are required to describe it in our report.

***Other Reporting Required by Government Auditing Standards***

In accordance with *Government Auditing Standards*, we have also issued our report dated August 24, 2023 on our consideration of the City of Bartlett, Texas' internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the City of Bartlett, Texas' internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering City of Bartlett, Texas' internal control over financial reporting and compliance.

**Management's Discussion and Analysis  
City of Bartlett Texas**

**MANAGEMENT'S DISCUSSION AND ANALYSIS**

In this section of the Annual Financial Report, we, the managers of City of Bartlett, Texas, discuss and analyze the City's financial performance for the fiscal year ended September 30, 2022. Please read it in conjunction with the independent auditors' report on page 1, and the City's Basic Financial Statements which begin on page 11.

**FINANCIAL HIGHLIGHTS**

The City's net position increased by \$444,445 as a result of this year's operations. This included a (\$1,287,062) net position decrease in the general fund, before transfers, and a \$1,731,507 net increase in the proprietary fund, before transfers.

The General Fund ended the year with a fund balance of \$(503,533) on a governmental funds basis, a \$(92,284) decrease.

The total revenues of all the City's programs \$4,437,555, a \$899,324 increase.

The total cost of all the City's programs was \$3,993,110, a \$(108,075) decrease.

**USING THIS ANNUAL REPORT**

This annual report consists of a series of financial statements. The government-wide financial statements include the Statement of Net Position and the Statement of Activities (on pages 12 through 14). These provide information about the activities of the City as a whole and present a longer-term view of the City's property and debt obligations and other financial matters. They reflect the flow of total economic resources in a manner similar to the financial reports of a business enterprise.

Fund financial statements (starting on page 15) report the City's operations in more detail than the government-wide statements by providing information about the City's most significant funds. For governmental activities, these statements tell how services were financed in the short term as well as what resources remain for future spending. They reflect the flow of current financial resources, and supply the basis for tax levies and the appropriations budget. Proprietary statements provide the same type of information as the government-wide financial statements, only in more detail.

The notes to the financial statements (starting on page 24) provide narrative explanations or additional data needed for full disclosure in the government-wide statements and the fund financial statements.

**Management's Discussion and Analysis  
City of Bartlett, Texas**

**USING THIS ANNUAL REPORT (continued)**

**Reporting the City as a Whole**

*The Statement of Net Position and the Statement of Activities*

The analysis of the City's overall financial condition and operations begins on page 12. Its primary purpose is to show whether the City is better or worse off as a result of the year's activities. The Statement of Net Position includes all of the City's assets and liabilities at the end of the year while the Statement of Activities includes all the revenues and expenses generated by the City's operations during the year. The City of Bartlett's net position increased, making the City better off than the prior year.

All of the current year's revenues and expenses are taken into account regardless of when cash is received or paid. Thus, revenues and expenses are reported in this statement for some items that will only result in cash flows in future fiscal periods (e.g. uncollected taxes). Both the statement of net position and the statement of activities are prepared utilizing the accrual basis of accounting as opposed to the modified accrual basis used in prior reporting models.

These two statements report the City's net position and the changes in them. The City's net position (the difference between assets and liabilities) provide one measure of the City's financial health or financial position. Over time, increases or decreases in the City's net position are one indicator of whether its financial health is improving or deteriorating. To fully assess the overall health of the City however you should consider non-financial factors as well, such as changes in the property tax base and the condition of the City's facilities.

In the Statement of Net Position and the Statement of Activities, the City is divided into two kinds of activities.

Governmental activities-Most of the City's basic services are reported here, including the police, streets, culture & recreation, and general government. Property taxes, sales taxes and franchise fees finance most of these activities.

Business-type activities – The City charges a fee to customers to help it cover all or most of the cost of certain services it provides. The City's water and sewer system activities are reported here.

**Management's Discussion and Analysis  
City of Bartlett, Texas**

**USING THIS ANNUAL REPORT (continued)**

**Reporting the City's Most Significant Funds**

*Fund Financial Statements*

The fund financial statements provide detailed information about the most significant funds – not the City as a whole. Some funds are required to be established by state law and by bond covenants. The City's two kinds of funds – governmental and proprietary – utilize different accounting approaches.

Governmental funds – The majority of the City's basic services are reported in governmental funds, which focus on how money flows into and out of those funds and the balances left at year-end that are available for spending. These funds are reported using an accounting method identified as the modified accrual basis of accounting, which measure cash and all other financial assets that can readily be converted to cash. The governmental fund statements provide a detailed short-term view of the City's general government operations and the basic services it provides. Governmental fund information helps you determine whether there are more or fewer financial resources that can be spent in the near future to finance the City's programs. By comparing information presented for governmental funds with similar information presented for governmental activities in the government-wide financial statements readers may better understand the long-term impact of the government's near-term financing decisions. The relationships or differences between governmental activities (reported in the Statement of Net Position and the Statement of Activities) and governmental fund is detailed in a reconciliation following the fund financial statements.

Proprietary funds – The City charges customers for the services it provides, whether to outside customers or to other units within the City. These services are generally reported in proprietary funds. Proprietary funds are reported in the same way that all activities are reported in the Statement of Net Position and the Statement of Activities. In fact, the City's enterprise funds are identical to the business-type activities that are reported in the government-wide statements but provide more detail and additional information, such as cash flows, for proprietary funds.

## Management's Discussion and Analysis City of Bartlett, Texas

### GOVERNMENT-WIDE FINANCIAL ANALYSIS (continued)

A large portion of the City's net position (126.8 percent) reflect its investment in capital assets (e.g. land, buildings, infrastructure, machinery, and equipment), less any related debt used to acquire those assets that is still outstanding. The City uses these capital assets to provide services to citizens; consequently these assets are not available for future spending. Although the City's investment in its capital assets is reported net of related debt, it should be noted that the resources needed to repay this debt must be provided from other sources, since the capital assets themselves cannot be used to liquidate these liabilities.

The balance of *unrestricted net position*, \$(720,391) may be used to meet the government's ongoing obligations to citizens and creditors.

Restricted fund balance of \$378,017 is required to make bond, loan and lease payments over the next fiscal year.

For fiscal year 2022, revenues from governmental activities totaled \$854,422. Property Taxes are the largest components of revenues (67.5percent). Sales taxes (15.3%) and grants (12.4%) are the next highest revenue sources.

For fiscal year 2022, expenses for governmental activities totaled \$2,141,484 The City's three largest funded programs are for public works, public safety, and general government expenditures.

Charges for services of the City's business-type activities were \$3,583,133 for the fiscal year ending September 30, 2022. Expenses for the City's business-type activities were \$1,851,626. The City's largest expenses are the purchase of power, and salaries & related expenses.

### THE CITY'S FUNDS

As the City completed the year, its governmental funds, as presented in the balance sheet on page 14, reported a combined fund balance of \$(503,533), which is less than last year's total of \$(411,249).

## **Management's Discussion and Analysis City of Bartlett, Texas**

### **CAPITAL ASSETS AND DEBT ADMINISTRATION**

#### **Capital Assets**

At the end of 2022, the City had \$3,339,232 invested in a broad range of capital assets, including facilities and equipment and land. There were \$1,458,918 in capital asset additions in Fiscal Year 2022.

#### **Debt**

The City had long-term indebted obligations of \$1,717,706 up from the \$1,974,470 in the prior year.

More detailed information about the City's long-term liabilities is presented in the Notes to the Financial Statement starting on page 23.

### **ECONOMIC FACTORS AND NEXT YEAR'S BUDGETS AND RATES**

The City's elected and appointed officials considered service delivery and system maintenance costs when setting the fiscal year 2022 budget and tax rate.

The City adopted a \$3,399,450 budget for fiscal year 2021-2022. It was funded through property taxes via \$0.715 tax rate, electricity, water and sewer charges, and other local revenue.

### **CONTACTING THE CITY'S FINANCIAL MANAGEMENT**

This financial report is designed to provide our citizens, taxpayers, customers, and investors and creditors with a general overview of the City's finances and to show the City's accountability for the money it receives. If you have questions about this report or need additional financial information, contact the City's business office at City of Bartlett, P.O. Box 398, Bartlett, Texas 76656.

**CITY OF BARTLETT, TEXAS**  
**RECONCILIATION OF THE BALANCE SHEET OF GOVERNMENTAL FUNDS**  
**TO THE STATEMENT OF NET POSITION**  
**September 30, 2022**

|   |                                       |                    |
|---|---------------------------------------|--------------------|
| Total fund balances-governmental funds  |                                       | (503,533)          |
| Amounts reported for governmental activities in the statement of net position are different because:  |                                       |                    |
| Capital assets used in governmental activities are not financial resources and therefore are not reported in the funds. These assets consist of:  |                                       |                    |
|   | Net Pension Liability                 | (155,663)          |
|   | Construction in progress              | 634,379            |
|   | Land                                  | \$25,000           |
|   | Buildings and Improvements            | 2,848,656          |
|   | Furniture and Equipment               | 582,309            |
|   | Accumulated Depreciation              | (2,591,313)        |
|   | Total capital assets                  | <u>\$1,499,031</u> |
| Some revenues in the governmental funds are deferred because they are not collected within the prescribed time period after year end. On the accrual basis, however, those revenues would be recognized, regardless of when they are collected. |                                       |                    |
|   | Deferred outflows Pension Plan        | 245,272            |
|   | Unearned Property taxes not collected | <u>\$110,921</u>   |
| Some long-term liabilities are not due and payable in the current period and therefore are not reported in the funds. Those liabilities consist of:   |                                       |                    |
|   | Net OPEB Liability                    | (77,217)           |
|   | Longterm Liabilities                  | 70,194             |
|   | Deferred Inflows Pension Plan         | <u>(326,486)</u>   |
| Net position of governmental activities   |                                       | <u>874,251</u>     |

**CITY OF BARTLETT, TEXAS**  
**RECONCILIATION OF THE STATEMENT OF REVENUES,**  
**EXPENDITURES, AND CHANGES IN FUND BALANCES**  
**TO THE STATEMENT OF ACTIVITIES**  
**For the Year Ended September 30, 2022**

Amounts reported for governmental activities in the statement of activities are different because:

Net change in fund balances ----- total governmental funds (\$92,284)

Governmental funds report capital outlays as expenditures. However, in the statement of activities, the cost of those assets is allocated over their useful lives as depreciation expense. This is the amount by which depreciation exceeded capital outlays in the current period.

|                                    |                  |           |
|------------------------------------|------------------|-----------|
| Capital outlay expenditures        | \$851,295        |           |
| Depreciation expense               | (80,094)         |           |
|                                    | <u>\$771,201</u> | \$771,201 |
| Payroll Taxes accrued and not paid |                  | 58,396    |

Revenues in the statement of activities that do not provide current financial resources are not reported as revenues in the funds.

|                              |                 |          |
|------------------------------|-----------------|----------|
| Debt Service                 |                 | 36,996   |
| Property taxes not collected | \$110,921       |          |
| Less prior year              | (86,206)        |          |
|                              | <u>\$24,715</u> | \$24,715 |

Total Pension Expense is not recognized in Governmental funds 0  
Some expenses reported in the statement of activities do not require the use of current financial resources and, therefore, are not reported as expenditures in governmental funds.

|                                       |                    |             |
|---------------------------------------|--------------------|-------------|
| Increase in Net Pension liability     | (\$323,115)        |             |
| Decrease in deferred outflows/inflows | 197,580            |             |
|                                       | <u>(\$125,535)</u> | (\$125,535) |

Change in net position of governmental activities \$673,489

The accompanying notes are an integral part of the financial statements.

**CITY OF BARTLETT, TEXAS**  
**NOTES TO FINANCIAL STATEMENTS**

**1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES**

**A. REPORTING ENTITY**

The City of Bartlett, Texas was incorporated in 1890 as a Type A General Law Municipality, pursuant to the laws of the State of Texas. The City operates under a Council form of government and provides services authorized by its charter. Presently, these services include police and fire protection, street repair and maintenance, planning and zoning, park maintenance, and general administrative services.

The following is a summary of certain significant accounting policies followed in the preparation of the financial statements of the City of Bartlett (the City).

The City is an independent political subdivision of the State of Texas, governed by a mayor and five council members, and is considered a primary government. As required by generally accepted accounting principles, these financial statements have been prepared, based on considerations regarding the potential for inclusion of other entities, organizations, or functions, as part of the City's financial reporting entity.

In determining the financial reporting entity, the City complies with the provisions of GASB Statement No. 39, *Determining Whether Certain Organizations Are Component Units* – an amendment of GASB Statement No. 14, and includes all component units of which the City appoints a voting majority of the unit's board; the City is either able to impose its will on the unit of a financial benefit or burden relationship exists,

Discretely Presented Component Unit

Discretely presented component units are separate legal entities that meet the component unit criteria described above. Currently, the Bartlett Municipal Development District meets the above criteria and is discretely presented within the government-wide financial statements of the City. The Bartlett Municipal Development District was formed under Chapter 377 of the Texas Government Code by resolution of City Council. By special election dated November 5, 2013, the Citizens of the City of Bartlett Texas approved adoption of a one half of one percent sales tax pursuant to Section 4B of the Development Corporation Act of 1979.

Additionally, as the City is considered a primary government for financial reporting purposes, its activities are not considered a part of any other governmental or other type of reporting entity. The overriding elements associated with prescribed criteria considered in determining that the City's financial reporting entity status is that of a primary government are; that it has a separately elected governing body; it is legally separate; and it is fiscally independent of other state and local governments.

In June 1999, the Governmental Accounting Standards Board (GASB) issued Statement No. 34, *Basic Financial Statements – and Management's Discussion and Analysis – for State and Local Governments*. This statement, known as the "Reporting Model" statement, affects the way the City prepares and presents financial information. State and local governments traditionally have used a financial reporting model substantially different from the one used to prepare private-sector financial reports.

GASB Statement No. 34 established new requirements and a new reporting model for the annual financial reports of state and local governments. The Statement was developed to make annual reports easier to understand and more useful to the people who use governmental financial information to make decisions and includes:

**CITY OF BARTLETT, TEXAS**  
**NOTES TO FINANCIAL STATEMENTS (Continued)**

**1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)**

**B. GOVERNMENT-WIDE AND FUND FINANCIAL STATEMENTS**

The Statement of Net Position and the Statement of Activities are government-wide financial statements. They report information on all of the City's non-fiduciary activities with most of the inter-fund activities removed. Governmental activities include programs supported primarily by taxes, grants and other intergovernmental revenues. Business type activities include programs supported by water and sewer revenues.

The Statement of Activities demonstrates how other people or entities that participate in programs the City operates have shared in the payment of the direct costs. The "charges for services" column includes payments made by parties that purchase, use, or directly benefit from goods or services provided by a given function or segment of the City. Examples include water and sewer payments, police fines, etc. The "grants and contributions" column includes amounts paid by organizations outside the City to help meet the operational or capital requirements of a given function. If a revenue is not a program revenue, it is a general revenue used to support all of the City's functions. Taxes are always general revenues.

Inter-fund activities between governmental funds appear as due to/due from on the Governmental Fund Balance Sheet. All inter-fund transactions between governmental funds are eliminated on the government-wide statements.

Separate financial statements are provided for governmental funds and proprietary funds. Major individual governmental and enterprise funds are reported as separate columns in the fund financial statements.

**C. MEASUREMENT FOCUS, BASIS OF ACCOUNTING, AND FINANCIAL STATEMENT PRESENTATION**

The government-wide financial statements use the economic resources measurement focus and the accrual basis of accounting. Revenues are recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing of the related cash flows. Property taxes are recognized as revenues in the year for which they are levied. Grants and similar items are recognized as revenue as soon as all eligibility requirements imposed by the provider have been met.

Governmental fund financial statements use the current financial resources measurement focus and the modified accrual basis of accounting. With this measurement focus only current assets, current liabilities and fund balances are included on the balance sheet. Operating statements of these funds present net increase and decreases in current assets (i.e. revenues and other financing sources and expenditures and other financing uses).

The modified accrual basis of accounting recognizes revenues in the accounting period in which they become both measurable and available, and it recognizes expenditures in the accounting period in which the fund liability is incurred, if measurable, except for un-matured interest and principal on long-term debt which is recognized when due. The expenditures related to certain compensated absences and claims and judgments are recognized when the obligations are expected to be liquidated with expendable available financial resources. The City considers all revenues available if they are collectible within 60 days after year end.

**CITY OF BARTLETT, TEXAS**  
**NOTES TO FINANCIAL STATEMENTS (Continued)**

1. **SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)**

**C. MEASUREMENT FOCUS, BASIS OF ACCOUNTING, AND FINANCIAL STATEMENT PRESENTATION (Continued)**

Revenues from local sources consist primarily of property taxes. Property tax revenues and revenues received from the State are recognized under the susceptible-to-accrual concept. Miscellaneous revenues are recorded as revenue when received in cash because they are generally not measurable until actually received. Investment earnings are recorded as earned, since they are both measurable and available.

**D. FUND ACCOUNTING**

The City reports the following major governmental funds:

1. **General Fund** – the City’s primary operating fund. It accounts for all financial resources of the general government, except those required to be accounted for in another fund.
2. **Debt Service Fund** – used to account for the resources accumulated and payments made for principal and interest on long-term certificate of obligation debt of governmental funds.

The City reports the following major proprietary fund:

2. **Enterprise Fund** – used to account for those operations that are financed and operated in a manner similar to private business or where the board has decided that the determination of revenues earned, cost incurred and/or net income is necessary for management accountability. This fund include the Utility Fund – Electricity, Water, Sewer and Sanitation Fund.

**E. OTHER ACCOUNTING POLICIES**

1. For purposes of the statement of cash flows, cash and cash equivalents include all cash and certificates of deposit having an original maturity date of less than three months.

**CITY OF BARTLETT, TEXAS**  
**NOTES TO FINANCIAL STATEMENTS (Continued)**

**1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)**

**E. OTHER ACCOUNTING POLICIES (Continued)**

2. Capital Assets, which include property, plant, equipment and infrastructure assets (e.g., roads, bridges, sidewalks, and similar items), are reported in the applicable governmental or business-type activities columns in the government-wide financial statements. Capital assets, other than infrastructure items, are defined by the government as assets with an initial, individual cost of more than \$1,000 and an estimated useful life in excess of one year. Infrastructure is not held to the \$1,000 limit; all infrastructure, purchased after October 1, 2003 (prospective method) is capitalized regardless of cost. The City inventoried its general fixed assets at October 1, 2003 and they are valued at original cost where such cost was known, otherwise, they are valued at estimated historical cost.

Donated capital assets are recorded at estimated fair market value at the date of donation. The costs of normal maintenance and repairs that do not add to the value of the asset or materially extend asset lives are not capitalized.

Major outlays for capital assets and improvements are capitalized as projects are constructed. Interest incurred during the construction phase of capital assets of business-type activities is included as part of the capitalized value of the assets constructed. Interest cost on governmental activities construction projects are not capitalized.

Property, plant and equipment is depreciated using the straight-line method over the following estimated useful lives.

Buildings 40; Building improvements 40; Vehicle 5; Infrastructure 50; Equipment 10; Water and sewer system 40; Sanitation system – Disposal plant 20;

3. During the course of operations, transactions occur between individual funds for specified purposes. These receivables and payable are, for the most part, eliminated from the Government-Wide Statements of Net Position and are classified a “due from other funds” or “due to other funds” in the fund financial statements. Short-term advances between funds are accounted for in the appropriate interfund receivable and payable accounts.
4. The City records the purchase of supplies as expenditures/expenses at the time of purchase and does not maintain inventory.
5. In the fund financial statements of the governmental funds, the City can reserve portions of fund equity in the governmental fund financial statements. Reserves of fund equity represent those portions of fund equity not appropriate for expenditure or legally restricted by outside parties for use for a specific purpose.

**CITY OF BARTLETT, TEXAS**  
**NOTES TO FINANCIAL STATEMENTS (Continued)**

1. **SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)**

**E. OTHER ACCOUNTING POLICIES (Continued)**

6. Each employee is granted 40 hours of vacation at the employee's anniversary date. After 2 years 80 hours of vacation is available. After 4 years, 3 weeks of vacation is available. After 9 years of service, 4 weeks of vacation is available. Any accrued vacation balance is paid upon termination.

One day of sick pay is accrued for each month of service. Unused sick days can be carried forward, but will not be paid on termination.

The balance of compensated absences is not accrued as they are not material.

7. The preparation of financial statements, in conformity with generally accepted accounting principles, requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues, expenditures, and expenses during the reporting period. Actual results could differ from those estimates.
8. The City applied restricted resources when an expense is incurred for purposes for which both restricted and unrestricted net assets are available.
9. The City is permitted, by Article XI, Section 5 of the State of Texas Constitution and the City Charter, to levy property taxes up to \$1.50 per \$100 of assessed valuation for general governmental services. Within the \$1.50 maximum levy, there is no legal limit upon the amount of property taxes which can be levied for debt service. Property taxes attach as an enforceable lien on property as of February 1. Taxes are levied on October 1 and are payable by January 31. After which time they become delinquent, and penalties and interest may be assessed by the City. The City is a Type A General Law Municipality with a ad valorem tax rate for all purpose of \$.715 per 100 assessed valuation. All taxes due the City on real or personal property are collected by the Bell County Tax Assessor-Collector and may be paid at any time after the tax rolls have been completed and approved, which is not later than October 1. Current taxes become delinquent on February 1 following the tax year. There are various penalties for delinquent taxes; there are not discounts allowed on taxes. The procedure for collecting delinquent taxes is to refer to a collection attorney after sending two delinquent notices and a letter. All properties located within the City limits on January 1 of each year are charged with a special lien in favor of the City from such date for taxes due thereon.
10. Transactions between funds that would be treated as revenues, expenditures, or expenses, if they involved organizations external to the governmental unit, are accounted for as revenues, expenditures, or expenses in the funds involved. Transactions which constitute reimbursement of a fund for expenditures or expenses initially made from that fund, which are properly attributable to another fund, are recorded as expenditures or expenses in the reimbursing fund and as reductions of the expenditure or expense in the fund that is reimbursed. Nonrecurring or non-routine transfers of equity between funds are reported as additions to, or reductions of, the fund balance of governmental fund types. All other legally authorized transfers are treated as operating transfers and are included in the results of operations of both governmental and proprietary fund types.

**CITY OF BARTLETT, TEXAS**  
NOTES TO THE FINANCIAL STATEMENTS  
FOR THE YEAR ENDED SEPTEMBER 30, 2022

Pensions:

For purposes of measuring the net pension liability, pension related deferred outflows and inflows of resources, and pension expense, City specific information about its Fiduciary Net Position in the Texas Municipal Retirement System (TMRS) and additions to/deductions from the City's Fiduciary Net Position have been determined on the same basis as they are reported by TMRS. For this purpose, plan contributions are recognized in the period that compensation is reported for the employee, which is when contributions are legally due. Benefit payments and refunds are recognized when due and payable in accordance with the benefit terms. Investments are reported at fair value. Information regarding the City's Total Pension Liability is obtained from TMRS through a report prepared for the City by TMRS consulting actuary, Gabriel Roeder Smith & Company, in compliance with Governmental Accounting Standards Board (GASB) Statement No. 68, Accounting and Financial Reporting for Pensions.

Deferred Outflows/Inflows of Resources:

In addition to assets, the statement of financial position will sometimes report a separate section for deferred outflows of resources. This separate financial statement element, deferred outflows of resources, represents a consumption of net position that applies to a future period(s) and so will not be recognized as an outflow of resources (expense/expenditure) until then. The City has the following items that qualify for reporting in this category.

- Deferred charges on refunding – A deferred charge on refunding results from the difference in the carrying value of refunded debt and its reacquisition price. This amount is deferred and amortized over the shorter of the life of the refunded or refunding debt.
- Pension contributions after measurement date – These contributions are deferred and recognized in the following fiscal year.
- Difference in projected and actual earnings on pension assets – This difference is deferred and amortized over a closed five year period.
- Difference in expected and actual pension experience – This difference is deferred and recognized over the estimated average remaining lives of all members determined as of the measurement date. In addition to liabilities, the statement of financial position will sometimes report a separate section for deferred inflows of resources. This separate financial statements element, deferred inflows or resources, represents an acquisition of net position that applies to a future period(s) and so will not be recognized as an inflow of resources (revenue) until that time. The City has only one type of item, which arises only under a modified accrual basis of accounting that qualifies for reporting in this category. Accordingly, this item is reported only in the governmental funds balance sheet. The governmental funds report unavailable revenues from two sources: property taxes and municipal court fines. These amounts are deferred and recognized as an inflow of resources in the period that the amounts become available.

**CITY OF BARTLETT, TEXAS**  
**NOTES TO FINANCIAL STATEMENTS (Continued)**

**II. STEWARDSHIP, COMPLIANCE, AND ACCOUNTABILITY**

**A. BUDGET AND DATA**

The City follows these procedures in establishing the budgetary data reflected in the financial statements:

1. Prior to the beginning of each fiscal year, the City Administrator submits to the City Council a proposed budget for the fiscal year beginning on the following October 1. The operating budget includes proposed expenditures and the means of financing those expenditures.
2. Public hearings are conducted at which all interested persons' comments concerning the budget are heard.
3. The budget is legally enacted by the City Council.
4. Budget revisions may be made during the year.
5. The City over-expended its budget in the general fund as follows:

|                      |            |
|----------------------|------------|
| General Government   | \$ 472,463 |
| Public Works         | \$ 288,837 |
| Culture & recreation | \$ 129,587 |

The City was over budget overall in the General Fund by \$1,728,982.

**III. DETAILED NOTES ON ALL FUNDS**

**A. DEPOSITS AND INVESTMENTS**

**Legal and Contractual Provisions Governing Deposits and Investments**

The **Public Funds Investment Act** (Government Code Chapter 2256) contains specific provisions in the areas of investment practices, management reports and establishment of appropriate policies. Among other things, it requires the City to adopt, implement, and publicize an investment policy. That policy must address the following areas: (1) safety of principal and liquidity, (2) portfolio diversification, (3) allowable investment, (4) acceptable risk levels, (5) expected rates of return, (6) maximum allowable stated maturity of portfolio investments, (7) maximum average dollar-weighted maturity allowed based on the stated maturity date for the portfolio, (8) investment staff quality and capabilities, (9) and bid solicitation preferences for certificates of deposit. Statutes authorize the City to invest in (1) obligations of the U.S. Treasury, certain U.S. agencies, and the State of Texas; (2) certificates of deposit, (3) certain municipal securities, (4) money market savings accounts, (5) repurchase agreements, (6) bankers acceptances, (7) Mutual Funds, (8) Investment pools, (9) guaranteed investment contracts, (10) and common trust funds. The Act also requires the City to have independent auditors perform test procedures related to investment practices as provided by the Act. The City is in substantial compliance with the requirements of the Act and with local policies.

**CITY OF BARTLETT, TEXAS**  
**NOTES TO FINANCIAL STATEMENTS (Continued)**

**III. DETAILED NOTES ON ALL FUNDS**

**A. DEPOSITS AND INVESTMENTS (Continued)**

Additional Contracted Provisions governing deposits and investments are as follows:

The funds of the City must be deposited and invested under the terms of a contract, contents of which are set out in the **Depository Contract Law**. The depository bank places approved pledged securities for safekeeping and trust with the City’s agent bank in an amount sufficient to protect City’s funds on a day-to-day basis during the period of the contract. The pledge of approved securities is waived only to the extent of the depository bank’s dollar amount of Federal Deposit Insurance Corporation (“FDIC”) insurance

**Deposits**

As of September 30, 2022, the City’s deposit balances were as follows:

|   | Primary<br>Government | Component<br>Unit | Total<br>Reporting<br>Entity |
|---|-----------------------|-------------------|------------------------------|
| 1. Insured (FDIC)   | \$250,000             | 45,999            | \$295,999                    |
| 2. Uninsured, collateralized with securities held by pledging financial institution's agent in the entity's name. | 145,290               |                   | 145,290                      |
| 4. Uninsured and uncollateralized   |                       |                   |                              |
| Total Deposits  | \$395,290             | \$45,999          | \$441,289                    |
| Carrying Amount   | \$395,290             | \$45,999          | \$441,289                    |

Policies Governing Deposits and Investments

1. Foreign Currency Risk – The City’s deposits and investments are not exposed to foreign currency risk.
2. Custodial Credit Risk – The City’s policy is to be collateralized. The City was fully collateralized during the year.
3. Interest Rate Risk – The City has no debt securities which have interest rate risk.

**CITY OF BARTLETT, TEXAS**  
**NOTES TO FINANCIAL STATEMENTS (Continued)**

**III. DETAILED NOTES ON ALL FUNDS (Continued)**

**A. DEPOSITS AND INVESTMENTS (Continued)**

Policies Governing Deposits and Investments

4. Credit Risk – In compliance with the City’s Investment Policy, as of September 30, 2018, the City minimized credit risk loss due to default of a security issuer or backer, by: limiting investments to the safest types of securities; limiting Certificates of Deposits that are insured by the Federal Deposit Insurance Corporation (FDIC); limiting the City’s investments to obligations issued, guaranteed, insured by or backed by the full faith and credit of the United States or its agencies and instrumentalities; pre-qualifying the financial institutions, broker/dealers, intermediaries, and advisers with which the City will do business; and diversifying the investment portfolio so that potential losses on individual securities were minimized.
  
5. Concentration Risk – The City’s deposits and investments are not exposed to concentration risk.

**B. PROPERTY TAXES**

Property taxes for each year are levied on approximately October 1 and are due upon receipt of the tax bill and become delinquent on February 1 of the following year. On January 1 of each year, a tax lien is attached to the property to secure the payment of all taxes, penalties, and interest. The lien exists in the factor of the State and each taxing unit. Appraised values are established by the Central Appraisal District (CAD) of Williamson County, Texas, through procedures established by the Texas Legislature. The County Tax Assessor Collector bills and collects the City’s property taxes. The County bills the City’s tax levies as soon as possible after certification of taxable values by the CAD, which is approximately August 1 as noted above. Additional tax bills are sent in December, February, April and July (which includes a surcharge for legal costs associated with collection).

In August, delinquent taxes are turned over to the County’s delinquent tax attorneys for final collection or other disposition.

The City’s property tax is levied each October 1 on the assessed value listed as of the previous January 1 for all real and personal property located in the City. The lien date is January 1 of that year and they become delinquent on February 1. The tax levy for October, 2021 (fiscal year ended September 30, 2022) was \$576,363.

The tax assessment of October 1, 2021 tax sets a tax levy at \$.0715 per \$100 of assessed valuation at 100 percent of market value.

**CITY OF BARTLETT, TEXAS**  
**NOTES TO FINANCIAL STATEMENTS (Continued)**

**III. DETAILED NOTES ON ALL FUNDS (Continued)**

**B. PROPERTY TAXES (Continued)**

Property taxes as of September 30, 2022, are as follows:

|                             | <b>General<br/>Fund</b> |
|-----------------------------|-------------------------|
| Current Taxes Receivable    | \$44,351                |
| Delinquent Taxes Receivable | 66,570                  |
|                             | <u>\$110,921</u>        |

**C. DISAGGREGATION OF RECEIVABLES AND PAYABLES**

Receivables at year end for the government's individual major funds in the aggregate, including the applicable allowances for uncollectible accounts, are as follows:

|                                    | <b>General</b>   | <b>Water<br/>and<br/>Sewer</b> |
|------------------------------------|------------------|--------------------------------|
| Receivables:                       |                  |                                |
| Property Taxes                     | \$110,921        | \$0                            |
| Accounts and other receivables     | 0                | 255,432                        |
| Less: allowance for uncollectibles | 0                | 0                              |
| Sales Tax                          | 10,785           | 0                              |
| State Court Costs                  | 0                |                                |
| Net total receivables              | <u>\$121,706</u> | <u>\$255,432</u>               |

In the proprietary funds, the City records certain revenues billed to other governmental agencies, residents, and others on a monthly basis. Adjustments to revenue are made for uncollectible accounts as determined by management.

**CITY OF BARTLETT, TEXAS**  
**NOTES TO FINANCIAL STATEMENTS (Continued)**

**I. DEFINED BENEFIT PENSION PLAN**

**A. Plan Description**

The City of Bartlett participates as one of 860 plans in the nontraditional, joint contributory, hybrid defined benefit pension plan administered by the Texas Municipal Retirement System (TMRS). TMRS is an agency created by the State of Texas and administered in accordance with the TMRS Act, Subtitle G, Title 8, Texas Government Code (the TMRS Act) as an agent multiple-employer retirement system for municipal employees in the State of Texas. The TMRS Act places the general administration and management of the System with a six member Board of Trustees. Although the Governor, with the advice and consent of the Senate, appoints the Board, TMRS is not fiscally dependent on the State of Texas. TMRS's defined benefit pension plan is a tax-qualified plan under Section 401(a) of the Internal Revenue Code. TMRS issues a publicly available comprehensive annual report (CAFR) that can be obtained at [www.tmrs.com](http://www.tmrs.com).

All eligible employees of the city are required to participate in TMRS.

**B. Benefits Provided**

TMRS provides retirement, disability and death benefits. Benefit provisions are adopted by the governing body of the city, within the options available in the state statutes governing TMRS.

At retirement, the benefit is calculated as if the sum of the employee's contributions, with interest, and the city financed monetary credits with interest were used to purchase an annuity. Members may choose to receive their retirement benefit in one of seven payment options. Members may also choose to receive a portion of their benefit as a Partial Lump Sum Distribution in an amount equal to 12, 24 or 36 monthly payments, which cannot exceed 75% of the member's deposits and interest.

Employees covered by benefit terms.

At the December 31, 2021 valuation and measurement date, the following employees were covered by the benefit terms.

|  |           |
|--|-----------|
| Inactive employees or beneficiaries currently receiving benefits | 9         |
| Inactive employees entitled to but not yet receiving benefits    | 33        |
| Active employees   | <u>16</u> |
| Total  | 58        |

**CITY OF BARTLETT, TEXAS**  
**NOTES TO FINANCIAL STATEMENTS (Continued)**

**III. DETAILED NOTES ON ALL FUNDS (Continued)**

**I. PENSION PLAN (Continued)**

C. Contributions

The contribution rate for the employees in TMRS is 5%, 6% and 7% of employee gross earnings, and the City matching percentages are either 100%, 150% or 200%, both as adopted by the governing body of the City. Under the state law governing TMRS, the contribution rate for each city is annually determined by the actuary, using the Entry Age Normal (EAN) actuarial cost method. The actuarially determined rate is the estimated amount necessary to finance the cost of benefits earned by employees during the year, with an additional amount to finance any unfunded accrued liability.

Employees for the City of Bartlett were required to contribute 6.75% of their annual gross earnings during the fiscal year. The contribution rates for the City of Bartlett were 6.75% and 6.75% in calendar years 2022 and 2021 respectively. The city's contributions to TMRS for the year ended September 30, 2021 were \$64,481, and were equal to the required contributions.

D. Net Pension Liability

The city's Net Pension Liability (NPL) was measured as of December 31, 2021, and the Total Pension Liability (TPL) used to calculate the Net Pension Liability was determined by an actuarial valuation as of that date.

Actuarial assumptions:

The Total Pension Liability in the December 31, 2021 actuarial valuation was determined using the following actuarial assumptions:

Inflation 2.5% per year

Overall payroll growth 3.5% per year

Investment Rate of Return 6.75% net of pension plan investment expense, including inflation

Salary increases were based on a service-related table. Mortality rates for active members, retirees, and beneficiaries were based on the gender-distinct RP2000 Combined Healthy Mortality Table, with male rates multiplied by 109% and female rates multiplied by 103%. The rates are projected on a fully generational basis by scale BB o account for future mortality improvements. For disabled annuitants, the gender-distinct RP2000 Disabled Retiree Mortality Table is used, with slight adjustments.

**CITY OF BARTLETT, TEXAS  
NOTES TO FINANCIAL STATEMENTS (Continued)**

**III. DETAILED NOTES ON ALL FUNDS (Continued)**

**I. PENSION PLAN (Continued)**

Actuarial assumptions used in the December 31, 2021, valuation were based on the results of actuarial experience studies. The experience study in TMRS was for the period January 1, 2010 through December 31, 2015, first used in the December 31, 2015 valuation. Healthy post-retirement mortality rates and annuity purchase rates were updated based on a Mortality Experience Investigation Study covering 2009 through 2011, and dated December 31, 2013. These assumptions were first used in the December 31, 2013 valuation, along with a change to the Entry Age Normal (EAN) actuarial cost method. Assumptions are reviewed annually. No additional changes were made for the 2015 valuation.

The long-term expected rate of return on pension plan investments is 6.75%. The pension plan's policy in regard to the allocation of invested assets is established and may be amended by the TMRS Board of Trustees. Plan assets are managed on a total return basis with an emphasis on both capital appreciation as well as the production of income, in order to satisfy the short-term and long-term funding needs of TMRS.

The long-term expected rate of return on pension plan investments was determined using a building-block method in which best estimate ranges of expected future real rates of return (expected returns, net of pension plan expense and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation. The target allocation and best estimates of arithmetic real rates of return for each major asset class are summarized in the following table:

| Asset class           | Target allocation | Long-Term Expected Real Rate of Return (Arithmetic) |
|-----------------------|-------------------|---|
| Domestic Equity       | 17.5%             | 4.80%   |
| International Equity  | 17.5%             | 6.05%   |
| Core Fixed Income     | 30.0%             | 1.50%   |
| Non-Core Fixed Income | 10.0%             | 3.50%   |
| Real Return           | 5.0%              | 1.75%   |
| Real Estate           | 10.0%             | 5.25%   |
| Absolute Return       | 5.0%              | 4.25%   |
| Private Equity        | 5.0%              | 8.50%   |
| Total                 | 100.0%            |   |

**Discount Rate**

The discount rate used to measure the Total Pension Liability was 6.75%. The projection of cash flows used to determine the discount rate assumed that employee and employer contributions will be made at the rates specified in statute. Based on that assumption, the pension plan's Fiduciary Net Position was projected to be available to make all projected future benefit payments of current active and inactive employees. Therefore, the long-term expected rate of return on pension plan investments was applied to all periods of projected benefit payments to determine the Total Pension Liability.

*The City also participates in the cost sharing multiple-employer defined benefit group-term life insurance plan operated by the Texas Municipal Retirement System (TMRS) known as the Supplemental Death Benefits Fund (SDBF). The City elected, by ordinance, to provide group-term life insurance coverage to both current and retired employees. The City may terminate coverage under and discontinue participation in the SDBF by adopting an ordinance before November 1 of any year to be effective the following January 1.*

*The death benefit for active employees provides a lump-sum payment approximately equal to the employee's annual salary (calculated based on the employee's actual earnings, for the 12-month period preceding the month of death); retired employees are insured for \$7,500; this coverage is an "other postemployment benefit," or OPEB.*

*The City contributes to the SDBF at a contractually required rate as determined by an annual actuarial valuation. The rate is equal to the cost of providing one-year term life insurance. The funding policy for the SDBF program is to assure that adequate resources are available to meet all death benefit payments for the upcoming year; the intent is not to pre-fund retiree term life insurance during employees' entire careers.*

*The City's contributions to the TMRS SDBF for the years ended 2021, 2020 and 2019 were 4%, 4%, and 4%, respectively, which equaled the required contributions each year.*

**Net Other Post Employment Benefits Liability.**

**Actuarial Assumptions**

Actuarial assumptions were developed from the actuarial investigation of the experience of TMRS over the four year period from December 31, 2010 to December 31, 2014. These assumptions were adopted in 2015 and first used in the December 31, 2015 valuation.

All administrative expenses are paid through the Pension Trust and accounted for under reporting requirements under GASB Statement No. 68.

The Mortality Experience Investigation Study covering 2009 through 2011 is used as the basis for the post-retirement mortality assumption for healthy annuitants and Annuity Purchase Rate (APRs). Mortality Rates for service employees uses the RP2000 Combined Mortality Table with Blue Collar Adjustment with male rates multiplied by 109% and female rates multiplied by 103%. The rates are projected on a fully generational basis with scale BB to account for future mortality improvements subject to the 3% floor.

| Total OPEB Liability as a Percentage of Covered Payroll | 9.13%   |

**Sensitivity of the Total OPEB Liability to Changes in the Discount Rate**

The following presents the total OPEB liability of the City, calculated using the current discount rate of 3.31% as well as what the City's total OPEB liability would be if it were calculated using a discount rate that is 1 percentage point lower (2.31%) or -1 percentage point higher (4.31%) than the current rate. Because the SDBF is considered an unfunded trust, the relevant discount rate to calculate the total OPEB liability is based on the Fidelity Index's 20 year Municipal GO AA Index.

**CITY OF BARTLETT, TEXAS**  
**NOTES TO FINANCIAL STATEMENTS (Continued)**

**Exhibit A-11**

**NOTE 13 – DEFINED BENEFIT PENSION PLAN (Continued)**

**Other Information**

Due to the SDBF being considered an unfunded OPEB plan, benefit payments are treated as being equal to the employer's yearly contributions for retirees. No assets are accumulated in a trust that meets the criteria in paragraph 4 of GASB Statement No. 75 to pay related benefits. In order to determine the retiree portion of the City's Supplemental Death Benefit Plan contributions (that which is considered OPEB), the City should perform the following calculation:  
Total covered payroll \* retiree Portion of SDB Contribution (Rate)

**J. CONCENTRATION OF CREDIT RISK**

Proprietary fund accounts receivable are concentrated within the geographic service area of the utility system, which is within the City of Bartlett. These receivables are not concentrated within any individually significant customers. The City requires a deposit from each utility customer prior to establishing service. The total amount of proprietary fund accounts receivable at year end including estimated amounts for service provided, but not yet billed at year end was \$255,432. Utility customer deposits held at year end totaled \$158,523.

**K. COMMITMENTS AND CONTINGENCIES**

As of September 30, 2022, the City of Bartlett, Texas did not have any pending litigation or potential, non-disclosed liabilities that would have a material effect on the financial statements.

**L. RISK MANAGEMENT**

The City is exposed to various risks of loss related to torts; theft of, damage to, and destruction of assets; errors and omissions; injuries to employees; and natural disasters. The City's risk management program includes coverage for property, general liability, automobile liability, public official's liability and employee dishonesty bonds. The City participates in the Texas Municipal League (TML) joint self insurance fund, which is a public entity risk pool. The premiums paid to TML result in the transfer of risk to the pool. The Texas Municipal League Intergovernmental Risk Pool has published its own financial report, which can be obtained by writing the Texas Municipal League Intergovernmental Risk Pool, 1821 Rutherford Lane, Austin, TX 78754.

**M. NOTE 18 – IMPLEMENTATION OF NEW ACCOUNTING STANDARDS**

In the current fiscal year, the City implemented the following new standards:

GASB Statement No. 68, *Accounting and Financial Reporting for Pensions* ("ASB 68"), replaces the requirements of GASB Statement No. 27, *Accounting for Pensions by State and Local Governmental Employers*, as well as the requirements of GASB Statement No. 50, *Pension Disclosures*, as they relate to pension plans administered as trusts or equivalent arrangements that meet certain criteria. This Statement establishes standards for measuring and recognizing liabilities, deferred outflows of resources, and deferred inflows of resources, and expense/expenditures. For defined benefit pensions, this Statement identifies the methods and assumptions that should be used to project benefit payments, discount projected benefit payments to their actuarial present value, and attribute that present value to periods of employee service.

**CITY OF BARTLETT, TEXAS**  
**NOTES TO FINANCIAL STATEMENTS (Continued)**

**Exhibit A-11**

**NOTE 13 – DEFINED BENEFIT PENSION PLAN (Continued)**

GASB Statement No. 71, *Pension Transition for Contributions Made Subsequent to the Measurement Date – and Amendment of GASB 68* (“GASB 71”), requires employer contributions made between the measurement date, which is the date used to determine an employer’s net pension liability (“NPL”), and the employer’s fiscal year end be reported as a deferred outflow of resources (“DOoR”).

**NOTE N – LITIGATION**

Attorneys representing the City of Bartlett note there are cases involving pending litigation with possible outcomes against the City. However, none of these cases may be reasonably estimated at this time with regard to the potential outcome or settlement amount. Also, none of the pending litigation would be considered material to the financial statements for audit purposes. Therefore, no contingent liabilities are recorded with regard to pending litigation.

Independent Auditors' Report on Internal Control over Financial Reporting and  
On Compliance and Other Matters Based on an Audit of Financial Statements  
Performed in Accordance with Government Auditing Standards

Members of the City Council  
City of Bartlett, Texas:

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the governmental activities, the business-type activities, the aggregate discretely presented component units, each major fund, and the aggregate remaining fund information of the City of Bartlett, Texas, as of and for the year ended September 30, 2022, and the related notes to the financial statements, which collectively comprise the City of Bartlett, Texas' basic financial statements and have issued our report thereon dated August 24, 2023.

**Internal Control over Financial Reporting**

In planning and performing our audit of the financial statements, we considered the City of Bartlett, Texas' internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the City of Bartlett, Texas' internal control. Accordingly, we do not express an opinion on the effectiveness of the City of Bartlett, Texas' internal control.

Our consideration of internal control was for the limited purpose described in the preceding paragraph and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies and therefore, material weaknesses or significant deficiencies may exist that have not been identified. However, as described in the accompanying schedule of findings and questioned costs, we did identify certain deficiencies in internal control that we consider to be material weaknesses and significant deficiencies.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected, on a timely basis. We consider the deficiencies described in the accompanying schedule of findings and questioned costs as items 2022-1, 2022-2, to be material weaknesses.

A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance. We consider the deficiencies described in the accompany schedule of findings and questioned costs as items 2022-3 to be significant deficiencies.

## **Compliance and Other Matters**

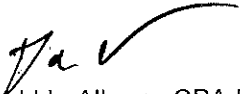

As part of obtaining reasonable assurance about whether the City of Bartlett, Texas' financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards* and which are described in the accompanying schedule of findings and questioned costs as items 2022-1, 2022-2, and 2022-3.

### **City of Bartlett, Texas' Response to Findings**

City of Bartlett, Texas' response to the findings identified in our audit is described in the accompanying schedule of findings and questioned costs. City of Bartlett, Texas' response was not subjected to the auditing procedures applied in the audit of the financial statements and, accordingly, we express no opinion on it.

### **Purpose of this Report**

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

**CITY OF BARTLETT**  
**SCHEDULE OF FINDINGS**  
**FOR THE YEAR ENDED SEPTEMBER 30, 2022**

A. Summary of Auditor’s Results

1. Financial Statements

Type of auditor’s report issued: Unmodified

Internal control over financial reporting:

One or more material weaknesses identified?  X  Yes       No

One or more significant deficiencies identified that are not considered to be material weaknesses?  X  Yes       No

Noncompliance material to financial Statements noted?  X  Yes       No

B. Financial Statement Findings

2022-1 General Accounting Procedures

Condition: There were material errors in the General Fund and Proprietary fund trial balance prepared by the previous administration. The General Fund and Enterprise Fund balance sheets and profit & loss statements were incomplete and did not contain all activity for the fiscal year ended September 30, 2022.. The current administration had to recreate the balance sheet and income statement information from the bank statements.

Criteria: Internal control procedures should be in place to assure that the best accounting reports and records are available to enable the council to have accurate financial information for decision making and budgeting purposes.

Effect: Incorrect internal financial statements inhibit the budgetary process and do not allow the City Council to make informed decisions regarding the City’s correct current position.

Cause: Enterprise Fund and General Fund financial statements were incomplete and did not contain 12 months of information.

Recommendation: The City of Bartlett needs to ensure the most accurate accounting information is used to prepare internal financial statements.

City’s response: The city administrator will ensure the most accurate accounting information is used to prepare internal financial statements.

**CITY OF BARTLETT**  
**SCHEDULE OF FINDINGS**  
**FOR THE YEAR ENDED SEPTEMBER 30, 2022**

2022-2 Form 941 payroll tax reports were filed for fiscal year 2022 but federal tax deposits were not made during fiscal year 2022.

Condition: Form 941 payroll tax returns were filed but federal payroll tax deposits were not made for fiscal year 2022. This puts the City of Bartlett in an adverse position of employee W-2's not being accepted by IRS and substantial interest and penalties could be incurred for failure to file payroll tax returns and failure to make payroll tax deposits.

Criteria: Internal control procedures should be in place to assure that payroll tax deposits are made timely and accurately and payroll tax returns are filed timely and accurately.

Effect: Legal issues could exist for failure to file payroll tax returns and substantial penalties and interest could be incurred for late filing and late payment of payroll taxes.

Cause: Payroll tax returns weren't filed timely and payroll tax deposits weren't made timely.

Recommendation: The City of Bartlett needs to ensure proper authorization exists for all payroll tax returns and payroll tax deposits and these are made timely.

City's response: The city administrator will ensure proper authorization is present for all payroll tax returns and payroll tax deposits and they are made timely and accurately.

2022-3 The annual audit should be performed within 6 months of year end to ensure compliance with Loan and Grant conditions and requirements.

Condition: The annual audit for the fiscal year ended September 30, 2022 was not completed within the six month filing deadline of March 31, 2023. The audit is being completed approximately 5 months late. This puts the City of Bartlett in an adverse position for loan compliance and in applying for grants.

Criteria: Internal control procedures should be in place to assure that the annual audit are completely timely and all information necessary to complete the audit is available in a timely manner.

Effect: Legal issues could exist for failure to complete the audit in a timely manner and loan and grant opportunities could be missed due to non-compliance with the audit requirements.

**CITY OF BARTLETT**  
**SCHEDULE OF FINDINGS**  
**FOR THE YEAR ENDED SEPTEMBER 30, 2022**

Cause: The September 30, 2022 annual audit for the City of Bartlett was due by March 31, 2023 and was not completed until August 24, 2023.

Recommendation: The City of Bartlett needs to ensure the annual audit is completed in a timely manner and all information is available to the auditor in a timely manner in order to comply with the 6 month after year end deadline.

City's response: The city administrator will ensure all required information is ready and available for the annual audit to be completed within the 6 month deadline after fiscal year end.

**CITY OF BARTLETT**  
**CORRECTIVE ACTION PLAN**  
**FOR THE YEAR ENDED SEPTEMBER 30, 2022**

The City Administrator will ensure the most accurate accounting information is used so the city council will have accurate and up to date information to assist in making decisions for the City.

The City Administrator will ensure payroll tax returns are filed timely and payroll tax deposits are made timely.

The City Administrator will ensure all information necessary for the completion of the annual audit is ready and available in order to complete the audit within the 6 month after year end filing deadline and be in compliance with loan and grant conditions and qualifications.

The 2022 audit was not completed until after the September 30, 2022 fiscal year deadline had passed, so all of the Findings were still prevalent as of September 30, 2022. The corrective action plan has been initiated for fiscal year ending September 30, 2022 and the corrective actions were initiated after the September 30, 2022 fiscal year end, which is why the Findings for 2021 were still in existence at 2022, but will be corrected during fiscal year 2023.
